## WHAT DO COLORS MEAN FOR THIS DECK ?

- They enlighten the deck, without colors, it appears dead, dark, inanimated
- The colors make this deck alive and give it a fresh breath
- The lack of colour allows to see things from a new perspective compared to other colourful decks.

*“Colours represent my Love for you, for Life, for Creation, for The All. It is the 'Treasure' that the Hero gains after the challenges of her long journey....the Rainbow Vessel the gift that is revealed after shifting positions to gain new perspectives, new Sight, in a world that is mostly experiencing Polarity Consciousness, my colours come thru facing the challenge, and surrendering the ego to The Divine, then and only then, is Life Unified in the Consciousness of True Love, the Rainbow Nation remembers the Colours of Life, Creation and Healing (as I hang reversed, we will journey thru the Chakras beginning at the Base with Red, totally shifting until we emerge together, on the other end of this Journey)...this I share with you, so that what it means for you is literally The World! The Cup of Rainbow Light, refracting the Many from The One, Form comes forth from Formlessness, Desire, Passion and Vision building Worlds upon Worlds of Existences, and in All, Goddess, God Is, and We spin, weave and create from Yin/Yang to Rainbow expressions.” by [MoonCoach Silvia Pancaro](#)*

## WHAT DO THIS COLORS MEAN FOR YOU ?

- These colors give us insight and clear answers. They bring healing and renewal
- Colors carry some energies we need to see, feel and understand.
- Some of these colours and images can trigger hidden memories and emotions within our own subconscious that need healing
- They help us to see the simultaneous complexity and simplicity of The World
- The colours stimulate the imagination.
- And can be related to chakras.
- They allow intuition to unfold.
- Black can negatively affect the mood, so you can try and make the effort to wear some extra colour in some cards
- But other colors can help : orange helps to ignite that spark of positivity and enthusiasm, when going through those dark lower energy times.
